

# THE PUGET SOUND ROCKET

## Newsletter of the Puget Sound Olds Club

An Official Chapter of the Oldsmobile Club of America

April 2010

The 2010 OCA Election Ballot...will arrive in your April JWO. It is very important that you exercise your right to vote and postmark your ballot before May 15.

This year the officers of the Executive Committee which consists of the OCA President, Vice President and Treasurer are being challenged for their positions. The bio of each candidate is printed in the JWO with their campaign promises. In addition, Erik Martinson and Jamie Cox are running unopposed for the Pacific Northwest Zone Director positions.

As is the case with most elections, only a small percentage of the Oldsmobile Club of America members choose to vote. In past elections, less than 900 of the 6500 members voted. It would be great if every one of the Puget Sound Olds Club members cast their vote.

For additional information regarding this election, please read the "Between the Bumpers" column on page 3. **PLEASE VOTE!**

## President's Message

Hi all,

Another month has passed and we have moved into spring. I have been getting my 57 Olds ready for the cruising season; I hope your all doing the same. It's time to check the brakes, change the oil, and check the other fluid levels. Oh, and don't forget to check the tires. It's easy to forget about the age of your tires when you only drive your cars during the summer months and on weekends. If they are over 5 years old you should consider replacing them as they can fail at highway speeds. I expect to see more Olds at the club meetings now that spring is here. Bring your Olds to this month's meeting so we can all see what you have.

Last month's meeting had great attendance, sure was nice to see so many people showing up. We had a great drawing for door prizes, the best I have seen to date. We will have our first morning breakfast meeting and cruise in May. Let's get the word out to everyone and this will be a lot of fun. Erik and Vicki Martinson have made some fun plans for the day. Stay tuned for more information to follow.

Our membership has increased and we are almost up to where we were in 2009. This is great news; now all we have to do is get more members active and participating in club meetings and events. Keep encouraging members you know to come to the meetings and club cruises.

See you all at the meeting; I won't be late this time

*Pat Ellwood*  
President

Please e-mail your submittal to: [ekonsmo@msn.com](mailto:ekonsmo@msn.com)

**“BETWEEN THE BUMPERS” ... By Ed Konsmo**

**2010 OCA Election...**This is perhaps the most important column that I have written since becoming your editor in March 2007. There is a move among several members of the OCA to gain control of the Executive Committee which comprises the OCA President, Vice President, Treasurer and Secretary. Such control could change how the OCA operates.

When Gene Crowdis was elected Treasurer in 2004, the OCA treasury records were in shambles and many transactions were recorded on “Post it Notes”. Gene put the records on computer and over the past six years has made over 27,000 entries. Every single receipt or expense is backed up by an entry. Every check now requires two signatures by an OCA officer. The prior administration had the checks signed by someone from a CPA firm. The person challenging Gene wants to spend your OCA dollars for drag racing around the country and not just at OCA Nationals as it is now. He also refers to “irregularities” being eliminated by having term limits. The OCA has never had term limits. Controlling financial transactions properly as we are doing now is what prevents irregularities.

The integrity of your current OCA President, Pat Yancey, has been first and foremost in every single issue that has come before the Executive Committee. Several times in the past four years, Pat could very well have made a decision without consulting any other Board member, but he did not. As your Vice President, I have spent hours on the phone with Pat and Gene going over issues that have come before the Executive Committee. In every single instance, the decision was made with the good of the OCA in mind.

When I took over the chapter compliance process as Vice President, the system was not computerized and very few chapters were 100% compliant. This year, 22 of the 47 chapters were 100% compliant. By letting all of the Chapter membership chairpersons know when their member’s OCA dues were due to be paid by means of a spreadsheet, they have been able to encourage more of their members to become current with their OCA dues and keep their chapter compliant.

The group of OCA members that are challenging the current Executive Committee are also asking for an audit which the OCA current accountant says would cost over \$15,000 of the member’s money. This would not be a prudent way to spend OCA funds. By cost cutting and negotiating cost saving contracts, the current Executive Committee has helped to increase the OCA bottom line by over \$40,000 in the past four years despite a declining number of membership renewals. Since the annual Financial Compilation has shown every year that the records of the OCA are in order, there just is no reasonable explanation for requesting an expensive audit.

When you receive your April JWO, *PLEASE* take out the ballot and vote. Your vote to re-elect the current Executive Committee of Pat Yancey, Gene Crowdis and yours truly will be greatly appreciated. It would be our pleasure to serve you for another four years.

## “HERE’S MY RIDE!”... By Hugh Russell

Nearly 20 years ago, I walked into the Seattle City Light office on 100<sup>th</sup> and Aurora to pay my utility bill. I knew the clerk there as she had waited on me numerous times. She knew that I had several old cars and had walked to the parking lot to admire them occasionally. One time in the course of conversation, she mentioned that the church she attended was helping to settle an estate some woman had left to them. Among items to be sold was a 1963 Olds 98. She asked if I would be interested. I said sure; So, I made arrangements to go to see it that night when she got off work.

I would up paying \$400 for the car and drove it home. It needed clean up and detailing. None of the hub caps were correct ones. They were three different types.

The next year, I got the bumpers re-chromed plus other details. Two years later, the headliner was replaced because it was disintegrating and shed all over the inside of the car like dandruff. The sun visors were done at the same time. Last year, I had a new windshield installed and it improved the appearance of the car tremendously getting rid of the cracks and discoloration.

Also, over a period of time, I had the air cleaner and the valve covers re-chromed. These improvements along with detailing the engine set off the car in appearance. Last year, I took the car to Acme Electric and had the turn signals repaired. They had to take out the entire steering column out to work on it. It took a lot of effort to get the right parts to fix it. The horn circuit had to be wired to a live circuit and not one that turns off when you the ignition is turned off.

At this time the engine should be gone through and hard valve seats put in along with rings, valves and a general overhaul. The car has 165 thousand miles on it. But I am glad that I got the car when I did and took care of the repairs. In addition, I had a re-built transmission installed at Lake City Transmission.

This car is the last model that did not have the retractable seat belts. In the future, I plan to put in a set but for now I do not have the time. Also, this is the last model not to have seat belts in the back seat.

Some people think that I should get a new paint job. However, this one is original. The interior is also is original and in mint condition. It does need some work around the rear window and the front edge of the hood from wear over the years. Otherwise, everything else is in great condition.

If I can help it, the car never gets out in the rain.

## **LeMay Museum Update**

The Puget Sound Olds Club members voted at the January 3<sup>rd</sup> meeting to become a part of the LeMay Museum. Each month we will bring you information regarding the progress of the Museum.

### **Restoration Shop Chosen**

Buffalo Restoration, located in Puyallup on Canyon Road near Highway 512 has been chosen as the official restoration shop for the Le May Museum. They recently changed ownership and are seeking to rectify some of the past reputations of the shop. In a conversation with their PR person at the Puyallup Swap Meet, he indicated that they welcome car clubs to come and tour the shop. They are not open on weekends so it would have to be a tour during the week. Perhaps, our chapter could discuss this.

### **LeMay and City of Tacoma Conclude Deal for Land Transfer**

#### **A Major Milestone toward Groundbreaking**

In a unanimous vote Tuesday, February 9, the Tacoma City Council approved the final agreement between the LeMay Museum and the City. President & CEO, David Madeira commented that "it's a complex agreement that took a lot of effort for both parties to coordinate. We are very grateful for the City's efforts and their staff's cooperation," said Madeira.

With the land transfer approved, the LeMay Museum is now able to focus on securing the final financing for the project and move forward to a much-anticipated ground breaking targeted for this spring.

## LET'S GET PERSONAL

APRIL BIRTHDAYS	
4	Don Wahlstrom
9	Bill Keller
10	Darline Moulton
11	Faye Steik
12	Bob Gaunt
12	Mary Lindholm

# MEETING MINUTES

## OLDSMOBILE CLUB OF AMERICA PUGET SOUND CHAPTER March 7, 2010

### MINUTES

Meeting called to order by Pat Elwood, president.

Minutes of the February meeting were approved.

**Treasurer's Report – Kathi Straw** – report approved.

**Membership – Bill Iverson** – We currently have 70 members.

**Zone Report – Erik Martinson** – Erik reported that nominations for open OCA elected positions have been received. In the next JWO biographies will be printed. He stated that Ken Pilidis had decided not to continue as the other Zone Director for this region, but that Jamie Cox (lives in North Samich, B.C.) has been nominated and agreed to run for the opening to replace Ken. In next month's newsletter ballots will be available. Erik offered to bring ballots to the next meeting for the membership's convenience.

Ed K. stressed the importance of voting as all but one of the Executive Board members are running opposed so it won't be a single person per spot on the ballot. There are also several Zone Director positions throughout the country that are being contested as well.

**Ad in Nationals Program – Pam Konsmo** – Pam brought the PSOC ad that will appear in the program for Nationals this year.

**Cruises – Pat Elwood** – Ed Straw has a possible location for the April meeting. It is tentative at this time, but Ed S. will communicate the outcome to the newsletter "staff". An alternate location will be secured – everyone needs to check the newsletter to see where we will be holding the April meeting.

**May 2 Meeting** – Pat thanked Erik & Vickie for taking on the responsibility of organizing the first 2010 "outing" for the club. It will take place the first Sunday in May. We will all meet at 10:00 a.m. at the Performance Grill in Auburn. Directions will be provided. The specifics are being worked on at this time...it will be a surprise destination once we leave the Performance Grill.

**June 6 Meeting** – Keith and Jeanette Bingham will host the meeting at their home in Covington.

**July Meeting** - June & Don are working on a July meeting/run. More to come.

**Name Tags - Kathi Straw** - Kathi will check on name tags. President Pat advised he will check too.

Hugh Russell suggested that before cruising season begins it would be a good idea to get together and check out our cars to prevent possible breakdowns before a cruise; help one another.

Erik Martinson advised anyone selling a car to be sure and sign the bottom of the title (copy it for yourself) and mail it right away to the Dept. of Licensing. If you don't any fees that might be accumulated by the new owner could be your responsibility. Be cautious.

### **Raffle Results**

Puget Sound Oldsmobile Club – April 2010

Quality Gift/Meeting Hosts – Ed and Erma Booth  
Quality Gift – Mechanics Seat – Jim Rogers  
\$25 – Bob Carpenter
