February 2010

Tragedy in Scottsdale...on Thursday evening January 21, the worst storm that the Scottsdale/Phoenix area had seen in over 40 years tore through the Russo and Steele Auction site inflicting millions of dollars in damage. Many "one of a kind" collector cars were damaged beyond repair. Greg Hinton, a Puget Sound Olds Club member, had his 1954 Olds Super 88 suffer what could be total damage. At this writing, Greg did not know if the car could be repaired. (See a photo on *Parting Shots*)

The Haggerty Insurance agents were first on the site and gave their insured policy holders a choice; a check for the total value of the car or make arrangements to have the car repaired if possible. This unusual storm makes one very clear point. Be sure you have your car insured for "Agreed value". You never know when or where something could happen to your car. Who would think that if your car was parked under a tent in a usually safe area that an "Act of God" would destroy it.

See "*Parting Shots*" for additional auction photos.

President's Message

Hi all,

We had a good turnout for the first meeting of the year. A couple of new members showed up which is very encouraging, let's try to keep the momentum going. Call someone that you know who is a current member that you haven't seen at a meeting for a while and encourage them to come, if they live close to you offer to pick them up and give them a ride to the meeting.

I hope everyone has sent in their dues after the e-mail reminder from Ed that was sent out shortly after January's meeting. Please send it in if you haven't already done so.

After my first meeting as president I have decided to fine tune the way the meeting runs. I will now call for reports from the Membership Chairman and from the OCA Zone Directors before proceeding to old and new business.

At the January meeting I opened discussion on a new club position of wagon master which I will bring up again under old business. My thoughts behind this are to have more club runs during the spring, summer, and fall cruising season. Currently we have volunteers who host the club meetings each month, I would propose two options.

1. The host plans the run to concur with a morning breakfast meeting after which we go on a cruise to a destination or no breakfast and we do a lunch with a meeting, either way would be great.

2. The wagon master in conjunction with the host helps plan the run and if the host cannot participate in the cruise then the wagon master plans the cruise. This is just my thoughts; I am looking forward to a lively discussion on this issue. From what I have seen and heard most everyone likes to cruise in their Olds.

Just as a reminder we are meeting at the Redmond Library this month. Check the news letter for the time. It will be earlier than usual due to the Super Bowl.

See you all at the meeting

Pat Ellwood
President

“BETWEEN THE BUMPERS” ... By Ed Konsmo

This month's "Between the Bumpers" is not going to cover any particular subject. There are several topics that I would like to cover on in brief. Or, to use one of today's new buzz words, "vett".

The first month of 2010 is history. As the days get longer and the nights shorter, it is time to think about what events we will attend and participate in this spring and summer. As I was searching through the Northwest Car Events Calendar, I was amazed how many events are within a short driving distance of the Puget Sound area. That, of course, depends on what is considered a short drive. I know some folks who think nothing of driving 300 miles on a weekend to attend one of their favorite shows.

In November we elected Pat Ellwood as president of the Puget Sound Olds Club. It would appear from what Pat said to those who attended the January chapter meeting; this year is going to be a great ride. In another way to put it, "*Get in...Sit Down...and Hold On!*" Pat has some great ideas and would like to see more of our members participate in chapter events. If you have not been a regular attendee of the monthly meetings, I would strongly recommend that you come to one soon. You will soon know that you have been missed!

This past week, your Editor and OCA Vice President completed the annual check of the OCA chapters for compliance. Several interesting trends surfaced. While a number of chapters had their membership shrink, quite a few chapters had increases in membership. That brings up the subject of the membership of the Puget Sound Olds Club. Our membership renewals are substantially less this year than they were in 2009. Bill Iverson, Membership Chairman, asked me today to check and see if the 27 members who did not renew their chapter dues in 2010 were still OCA members. To our amazement, all but three of the 27 were still current with their OCA dues. Where are you? Your presence is needed.

The swap meet season is just a few weeks away from starting. The first one is the "Early Bird Swap Meet" at the Puyallup Fairgrounds, February 13-14. Yours truly will have a booth with the PSOC Banner in the Fair Plex building. Stop by and say hello. If you miss the first swap meet in February, not to worry. Closely following the February meet is the "Almost Spring Swap Meet" in March, again in Puyallup. If you miss that one, you can attend the Portland Swap Meet in Portland. If you miss that one, you are on your own!

Here is something to ponder. If you have a 1950 Olds, of any model, you may want to consider a trip to Tinley Park, IL to attend the 60th Anniversary of the 1950 Oldsmobile. Steve DeNovi, former OCA President, is hosting this great event on August 21. There will an unbelievable gathering of 1950 Oldsmobiles. Pam and I are planning to load our '50 Town Sedan in the trailer, hook it up to the truck and head east. If this trip is anything like the tour to the 100th Anniversary of Oldsmobile, it will be a blast. If you were on the 1997 caravan, you will remember that we stopped in Tinley Park. If you would like to join in, let us know.

Thanks for listening to my ramblings...see you at the meeting on Sunday at NOON!

“HERE’S MY RIDE!” ... by Larry Genschorck

I've always been an old car nut, I go to all the car shows from the Goodguys to LeMays but I had never seen an Oldsmobile of this year at the shows. I liked the style and the color; drove it and had to have it! All though my favorite Olds is a 1957, some day I will have one of those and of course it will be a convertible. Looking forward to some car shows with my new club.

Larry

LeMay Museum Update

The Puget Sound Olds Club members voted at the January 3rd meeting to become a part of the LeMay Museum. Each month we will bring you information regarding the progress of the Museum.

New Fife Location on I-5

The LeMay Museum administrative offices have moved to a new location in Fife, Washington. The new address is 3701 20th St. East, Fife, WA 98424. Our mailing address remains the same as do our phone numbers, 253.779.8490 and toll free 1.877.902.8490.

The 42,000 sq. ft. interim facility provides more space for administrative functions and features attached warehouse space for storing and working on cars. The move consolidates what were previously multiple locations in downtown Tacoma and Clover Park. The move will reduce overall operating costs and allow our staff to work together in one location. The new complex features a 38,000 sq. ft. space which creates the opportunity for vehicle storage comparable to that of our Club Auto satellite location Kirkland. We are also offering dry, climate controlled and secure storage at a very reasonable cost.

MONTHLY PRICING (minimum three-month commitment)

Single car storage:

\$130 for LeMay Museum members

\$150 non-members

This would give us preferred access to group events and tours; we would be listed in their annual publication, four tickets to the annual open house, and four preferred parking spaces for the open house. It was suggested the tickets to the open house could be used as raffle prizes at our annual zone show.

Ed will confirm the date groundbreaking for the museum will take place and find out if membership would allow us to hold our car show on the museum grounds.

Erik Martinson suggested having a meeting or cruise to the Performance Grill in Auburn. It could be an activity in March or April.

Erik will develop a list of Friday or Saturday night cruise-ins in the south end and Pat will develop a list for the north end. A list of cruise-ins will be published in the newsletter. **(Minutes continued on next page.)**

OCA CHAPTER COMPLIANCE

Congratulations to the twenty-two (22) OCA Chapters that are 100% compliant for 2010! This is a record number of chapters to achieve 100%. The previous record was 12 100% chapters in 2009. A great vote of thanks goes to the membership chairpersons of these chapters for their hard work in helping their chapters achieve this goal.

On a sad note, it appears as though we will lose a chapter. The Smoky Mountain Olds Club has requested that they cease as an OCA Chapter. If you live near this chapter in Tennessee, perhaps you can help to breathe some life back into the chapter.

As of this writing on February 1, the date that all chapters are to have their roster submitted for the annual compliance verification, there are three chapters that have not submitted their chapter roster or contacted the OCA Vice President for an extension. As stated in Policy Manual 8.10; “Any Chapter not in compliance by February 1 will have their Charter suspended until the Chapter becomes compliant.” We hope that these chapters will have their rosters submitted soon to avoid continued suspension.
